Email: mohankowshik18@gmail.com
Mobile: +91-9989775539

Skills

Languages: Python, C++, C, Java, HTML, CSS, SQL
Frameworks & Libraries: Flask, Matplotlib, Scikit-Learn, NumPy, Pandas
Developer Tools: Git, GitHub, VS Code, Eclipse
Core Concepts: Data Structures and Algorithms(DSA), Data Pre-Processing
CS Fundamentals: OOP, Operating Systems, Computer Networks, DBMS, Statistics
Soft Skills: Leadership, Flexibility, Collaboration, Adaptability, Productivity, Discipline

Projects

Career Guidance System – Machine Learning | GitHub Link June 2025 – July 2025

- Developed a career guidance system using supervised learning models to predict suitable career paths based on a student's academic performance.
- Integrated an interactive chatbot to provide real-time career suggestions and improve user engagement
- Utilized NumPy, Pandas for data preprocessing and Matplotlib to visualize performance data and display a career recommendation table
- Processed and analyzed datasets containing student marks, mapped them with career categories, and generated accurate recommendations
- **Tech stack:** Python, NumPy, Pandas, Matplotlib, Machine Learning (Supervised Learning), Chatbot Integration

Phrasebook-Bot | GitHub Link October 2024 – November 2024

- Built a full-stack AI-powered Phrasebook Bot using Python and Flask that explains English phrases and suggests similar phrases in real time.
- Implemented dataset-driven phrase matching using CSV storage and difflib for intelligent exact and partial phrase detection.
- Designed a secure session-based authentication system with login/logout functionality using Flask sessions.
- Crafted an interactive and themed UI using HTML, CSS, and JavaScript, featuring dynamic chat interface and real-time API communication via Fetch.
- **Tech stack:** Python, Flask, CSV Data Processing, HTML, CSS, JavaScript, REST APIs, Session Management

Training

Summer Training: Java and Data Structures June 2025 – July 2025

- Solved algorithmic problems to improve time and space optimization skills
- Applied object-oriented programming concepts to develop clean and modular code
- Built a basic Java project demonstrating understanding of DSA concepts, data handling, and application flow
- **Tech stack**: Java, Object-Oriented Programming, Data Structures & Algorithms, Eclipse

Certificates

- Cloud Computing – NPTEL - **Certificate** March 2025
- Data Structures and Algorithms – CSE Pathshala - **Certificate** May 2025
- Programming In Java – IAmNeo - **Certificate** May 2025

Achievements

- HackerRank Badge in Python | HackerRank **| View Badge** January 2025
- HackerRank Badge in SQL | HackerRank **| View Badge** February 2025

Education

Lovely Professional University Phagwara, Punjab
Bachelor of Technology - Computer Science and Engineering; **CGPA: 7.2** August 2023 – Present

Tirumala Junior College Rajahmundry, Andhra Pradesh
Intermediate; **Percentage: 98%** April 2021 - March 2023

Sri Chaitanya Rajahmundry, Andhra Pradesh
Matriculation; **Percentage: 95%** April 2020 - March 2021
